Residency

Only first-time, degree-or-certificate-seeking undergraduates are counted here. First-time status is derived from education levels (found under Profile > Student > Program > Previous Education Level) - if undergraduate students have an education level of `Some college` or above, they will NOT be considered first-time. If they have an education level of `High School`, or don't have an education level supplied, and their Entrance Term is the current reporting term they WILL be considered first-time.
